

THE AUSTRALIAN AND  
NEW ZEALAND COLLEGE OF  
VETERINARY SCIENTISTS

# SCIENCE WEEK CONFERENCE

5-7 JULY 2018  
QT HOTEL, SURFERS PARADISE  
GOLD COAST

## ABOUT THE CONFERENCE

This is your opportunity to attend a unique multi-stream programme, held on the beautiful Gold Coast. Hear the latest scientific and clinical updates from our world-class presenters, with time to interact socially and professionally with leading industry colleagues from Australia, New Zealand and beyond. Disciplines covered include:

Anaesthesia and Analgesia	Epidemiology	Radiology
Animal Welfare	Equine	Small Animal Medicine
Aquatic Animal	Feline	Small Animal Surgery
Avian	Lab Animals	Unusual Pets
Cattle	Oncology	Behaviour
Dentistry	Ophthalmology	Public Health
Dermatology	Pathobiology	Zoo and Wildlife
Emergency Medicine	Pharmacology	

*Note: Registration is open to ALL VETERINARIANS, not just College members. Numbers are limited though, so contact us now to secure your place or find out more.*

Full programme and registration details are available on the College website.

## SPECIAL FEATURE

Dr Fiona Moir is guest presenter at this year's plenary session.

Dr Moir is a Senior Lecturer in The Department of General Practice and in the Medical Programme Directorate at The University of Auckland, specialising in practitioner wellbeing, workplace wellness, mental health and communication skills.

Dr Moir also co-authored the CALM website, an open resource for stress management and happiness, with last year's hugely popular plenary session speaker Dr Tony Fernando.
