

## Treasurers Report 2018-19

### Small Ruminant Chapter ANZCVS

The major activity in the Chapter account over the past year has been ongoing trading of FAMACHA cards. In the first year (2017-18) the Chapter amassed a paper profit (excess) from this of \$2372.70, which left the account with a balance in excess of \$3000 (and sometimes over \$4000) for the duration of the year. This has seen interest income rise from \$1.20 last year to \$3.50 this year.

Thus, although the reported returns from FAMACHA trading this year are in the negative to the tune of \$694.90; overall this initiative has amassed the Chapter a healthy excess of \$1677.80. Thank you again to the efforts of the goaty members of the Chapter, especially Dr Baxendall.

Chapter subscriptions remain at \$30, and income has fallen by \$60 (two members).

	<b>Detail</b>	<b>Income</b>	<b>Expenses</b>	<b>Total</b>
	Opening Balance 1 April 2018			3347.60
